

ONRAMP DELIVERS MORE FOR CARRIERS .

Roger onRamp leads the industry in premium compliance features. See how onRamp can benefit your business

onRamp Feature Business Benefit

Groundbreaking industry standardized insurance requirements across shippers into two networks

Carriers who meet insurance requirements for one shipper within the network meet them for all shippers within that same network.

Access to all shippers within the Roger network

Easily request connections to new shippers in the same network for which you have already met insurance compliance requirements.

Unique compliance tracking system verifying your insurance qualifications, W-9 information, and that your Certificate of Insurance meets the requirements specified in shippers contract agreements

onRamp stores and monitors your insurance information so that you remain in compliance and can keep hauling

Direct communications with your insurance agent

Alleviates hassle and frees up carriers valuable time by working directly with your insurance agent on compliance documentation and renewals

Automatic notification of COI renewals

Proactive monitoring and professional checks notifying your agent when COI renewals are approaching
